

Welcome

The Sacramento Valley Chapter of the APA welcomes you. We are committed to sharing knowledge, networking and building a community of payroll professionals.

By joining our chapter and its dedication to the payroll profession, you will experience the integrity and self-confidence we build.

The Chapter is pleased to introduce The Payroll Administration Program which is being offered @ CSUS College of Continuing Education. These classes are eligible for CEU credits and also prepare you for APA's FPC and CPP exams, based on federal guidelines.

The classes are an excellent opportunity for those who wish to enrich their payroll knowledge. The structure of the classes allows those who wish to embark on a payroll career or to become familiar with payroll in general, to learn basic knowledge.

Please visit the CSUS website: CalState University Payroll Administration Certificate Program Any questions? For more information, call the Chapter's Education Chairperson and Course Advisor: Valerie Alexander-Bailey, CPP @ (916) 960-2131.
